

# Your Love Keeps Lifting Me Higher

*Bruce Springsteen*

[D] [D] [G] [G] [Em] [Em] [D] [D]

Your [D] love lifted me [G] higher than I've [Em] ever been lifted [D] before

So keep it [D] up, quench my de- [G] sire

And I'll be [Em] at your side forever [D] more

You know [D] your love *(your love keeps lifting me)*

Keeps on [G] lifting *(love keeps lifting me)*

[Em] Higher *(lifting me)*

Higher and [D] higher *(higher and higher, higher)*

I said your [D] love *(your love keeps lifting me)*

Keeps on [G] lifting *(love keeps lifting me)*

[Em] Higher *(lifting me)*

Higher and [D] higher *(higher and higher, higher)* I said

Now [D] once, I was down- [G] hearted

Dis- [Em] appointment was my closest [D] friend

But then you [D] came and he soon de- [G] parted

And you [Em] know he never showed his face [D] again

You know [D] your love *(your love keeps lifting me)*

Keeps on [G] lifting *(love keeps lifting me)*

[Em] Higher *(lifting me)*

Higher and [D] higher *(higher and higher, higher)*

I said your [D] love *(your love keeps lifting me)*

Keeps on [G] lifting *(love keeps lifting me)*

[Em] Higher *(lifting me)*

Higher and [D] higher *(higher and higher, higher)) (all right)*

[D] [D] [G] [G] [Em] [Em] [D] [D]

[D] [D] [G] [G] [Em] [Em] [D] [D]

I'm so [D] glad I finally [G] found you yes, that [Em] one in a million [D] girls

And now with my loving' arms [G] around you, honey

I can [Em] stand up and face the [D] world

Let me tell you your [D] love *(your love keeps lifting me)*

Keeps on [G] lifting *(love keeps lifting me)*

[Em] Higher *(lifting me)*

Higher and [D] higher *(higher and higher, higher)*

I said your [D] love *(your love keeps lifting me)*

Keeps on [G] lifting *(love keeps lifting me)*

[Em] Higher *(lifting me)*

Higher and [D] higher *D (G all D right)*
