

# Gasoline Alley

Rod Stewart

[Bm] [A] [E] [E]

[Bm] [A] [E] [E]

[E] I think I know now what's **A/** making me **E/** sad

[E] It's a yearnin' for my own back [E] yard

[E] I realize maybe I was **A/** wrong to **E/** leave

[E] Better swallow up my silly country [E] pride

[Bm] **Going home, [A] running home**

**Down to [E] Gasoline Alley where I [E] started from**

[Bm] **Going home, and [A] I'm running home**

[E] **Down to Gasoline Alley where [E] I was born**

[E] **A/ E/ [E] [E] || [E] A/ E/ [E] [E]**

[E] When the weather's better and the **A/** rails un- **E/** freeze

[E] And the wind don't whistle 'round my [E] knees

[E] I'll put on my weddin' suit and **A/** catch the evening **E/** train

[E] I'll be home before the milk's upon the [E] door

[Bm] **Going home, [A] running home**

**Down to [E] Gasoline Alley where I [E] started from**

[Bm] **Going home, and [A] I'm running home**

[E] **Down to Gasoline Alley where [E] I was born**

[E] **A/ E/ [E] [E] || [E] A/ E/ [E] [E]**

[E] But if anything should happen and my **A/** plans go **E/** wrong

[E] Should I stray to the house on the [E] hill

[E] Let it be known that my intent- **A/** ions were **E/** good

[E] I'd be singing in my alley if I [E] could

[E] And if I'm called away and it's **A/** my turn to **E/** go

[E] Should the blood run cold in my [E] veins

[E] Just one favor I'll be **A/** asking of **E/** you

[E] Don't bury me here, it's too [E] cold

[Bm] **Take me back [A] carry me back**

**Down to [E] Gasoline Alley where I [E] started from**

[Bm] **Going home, and [A] I'm running home**

[E] **Down to Gasoline Alley where [E] I was born**

[E] **Down to Gasoline Alley where [E] I started from E**
